

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by all dealers.

It is reported that the Denver & Rio Grande will extend its line down through Arizona near Phoenix, and then almost in a straight line to San Diego, crossing the Colorado river about seventy miles above Yuma and going through the New River country. The Denver & Rio Grande road already extends some distance south of Denver, and its owners and connections are looking for a Pacific coast outlet.
